SESAME

PREMIUM TAHINI

Soom Tahini is a paste made from 100% roasted and pressed single-sourced White Humera sesame seeds, offering a **creamy** texture and a **nutty** flavor. It is highly regarded by professional chefs for its versatility in both savory and sweet applications.

Use in savory and sweet dishes as a component in dressings, marinades, sauces, dips, spreads, soups, smoothies, and baked goods. Substitute for dairy or nut butters in certain recipes.

CHOCOLATE

SWEET TAHINI HALVA SPREAD

A **rich** and **semi-sweet** chocolate spread with the indulgence of chocolate and the nuttiness of sesame. This variety is made from three simple ingredients: Soom Tahini, powdered pure cane sugar, and cocoa powder. No nuts. No dairy. No added oil.

Use as a dip for fruit, a topping for oatmeal, pancakes, yogurt and waffles, or as an ingredient in shakes, smoothies, and baked goods.

PREMIUM

SILAN (DATE SYRUP)

A **rich** and **complex** all-natural date syrup made from 100% steamed and pressed dates that were cultivated throughout Israel with no added sugars, preservatives, or colors. Silan consists of less natural sugar than maple syrup, honey, molasses, or agave.

Use in sweet and savory dishes, as a finisher or sauce for proteins or roasted vegetables, as a sweetener in baked goods, and as a topping for ice cream, yogurt bowls, and smoothies. Substitute for maple syrup, honey, agave, molasses, or refined sugar.

All Soom products are nut-free, dairy-free, gluten-free, kosher, and vegan.
